

April Scottish Attitudes Poll

20/04/2016

Prepared on behalf of the Daily Record

Methodology

Fieldwork Dates

15th – 20th April 2016

Data Collection Method

The survey was conducted via online panel. Invitations to complete surveys were sent out to members of the panel. Differential response rates from different demographic groups were taken into account.

Population Sampled

All residents aged 16+ in Scotland

Sample Size

1,005

Data Weighting

Data were weighted to the profile of all Scottish adults aged 16+. Data were weighted by age, sex, region, 2015 Westminster vote and 2014 referendum vote. Targets for the weighted data were derived from Office of National Statistics data, the results of the 2015 General Election and the 2014 referendum result.

Margin of Error

Because only a sample of the full population was interviewed, all results are subject to margin of error, meaning that not all differences are statistically significant. For example, in a question where 50% (the worst case scenario as far as margin of error is concerned) gave a particular answer, with a sample of 1,005 it is 95% certain that the 'true' value will fall within the range of 3.1% from the sample result. Subsamples from the cross-breaks will be subject to higher margin of error, conclusions drawn from crossbreaks with very small sub-samples should be treated with caution.

Voting Intention

In order to assess voting intention, we first asked respondents how likely they would be to vote in the next election on a scale of 0–10. This likelihood to vote for was then used to weight voters' responses, such that respondents replying "10" were weighted by a factor of 1.0, whilst those responding "9" were weighted by a factor of 0.9, and so on down to responses of "0" being excluded altogether.

Respondents were then asked who they would be most likely to vote for if that election were tomorrow, with the responses "Labour", "Conservative", "Liberal Democrat" and "SNP" prompted in a randomising order, and other parties displayed if respondents selected "Another Party". When asked who they would be most likely to vote for with their regional list vote, the responses "Scottish Green Party" and "UKIP" were also prompted in a randomising order. These responses were not prompted for other questions about voting intention. As an additional weighting step, respondents who replied "undecided" and "refused" were then removed from the sample.

Question presentation

All data tables shown in full below, in order and wording put to respondents, including but not limited to all tables relating to published data and all relevant tables preceding them. Tables for demographic questions might not be included but these should be clear from the cross-breaks on published tables. In all questions where the responses are a list of parties, names or statements, these will typically have been displayed to respondents in a randomising order. The only questions which would not have had randomising responses would be those in which there was a natural order to maintain – e.g. a scale from “strongly agree” to “strongly disagree”, a list of numbers from 0 to 10 or questions which had factual rather than opinion-related answers such as demographic information. “Other”, “Don't know” and “Refused” responses are not randomised.

Not all questions will have necessarily been asked to all respondents – this is because they may be follow-on questions from previous questions or only appropriate to certain demographic groups. Lower response counts should make clear where this has occurred.

Data were analysed and weighted by Survation.

Additional Questions

Q43. Seventeen Edinburgh schools built under a Private Finance Initiative (PFI) have been closed after structural concerns were uncovered, leaving at least 7,600 pupils out of school for an undetermined period while the buildings are repaired.

Which of the following statements is closest to your opinion?

- a) Edinburgh Council were right to close these schools.
- b) Edinburgh Council were wrong to close these schools.
- c) Don't know.

Q44. The true lifetime cost of the contract will reach £529m in cash terms by 2032 for the building costs, debt financing costs and day to day maintenance costs under the PFI contract. Edinburgh Council has said it will withhold the latest £1.5m instalment of the private finance charge as a result of the closures and preparing for a major compensation claim against the PFI firm involved.

Which of the following statements is closest to your opinion?

- a) Edinburgh Council are right to withhold the latest payment instalment as a result of the school closures.
- b) Edinburgh Council are wrong to withhold the latest payment instalment as a result of the school closures.
- c) Don't know.

Q45. Miller Construction have been named as the firm that built the schools in question.

Which of the following statements is closest to your opinion?

- a) Miller Construction should not be considered for any future PFI contracts.
- b) Miller Construction should be considered for future PFI contracts.
- c) Don't know.

Q46. A private finance initiative (PFI) is a method of providing funds for major capital investments where private firms are contracted to complete and manage public projects. Under a private finance initiative, the private company, instead of the government, handles the up-front costs. The project is then leased to the public, and the government authority makes annual payments to the private company. These contracts are typically given to construction firms and can last 30 years

or longer.

Supporters of PFI contracts say that governments do not have to outlay a large sum of money at once meaning that projects such as building schools, hospitals and infrastructure do not have to be funded through tax receipts.

Opponents say that the interest and payments associated with PFIs place a large burden on future taxpayers and the risks associated with large-scale construction projects are transferred to a firm which is not accountable to the public.

Which of the following statements is closest to your opinion?

- a) I support the use of PFI contracts in Scotland to build schools, hospitals and infrastructure.
- b) I oppose the use of PFI contracts in Scotland to build schools, hospitals and infrastructure.
- c) I neither support nor oppose the use of PFI contracts in Scotland to build schools, hospitals and infrastructure.
- d) Don't know.

Q49. Which of the following statements is closest to your opinion?

- a) Donald Trump would make a good President of the United States.
- b) Donald Trump would make a neither good nor bad President of the United States.
- c) Donald Trump would make a bad President of the United States.
- d) Don't know.
