

Immigration Poll - UK

20/04/2018

Prepared on behalf of British Future

British
Future...

IDENTITY • INTEGRATION • MIGRATION • OPPORTUNITY

Methodology

Fieldwork Dates

16th - 19th February 2018

Data Collection Method

The survey was conducted via online panel. Invitations to complete surveys were sent out to members of the panel. Differential response rates from different demographic groups were taken into account.

Population Sampled

All residents aged 18+ in the United Kingdom

Sample Size

2,014

Data Weighting

Data were weighted to the profile of all UK adults aged 18+. Data were weighted by age, sex, region, household income, education, 2017 General Election vote and 2016 EU Referendum vote. Targets for the weighted data were derived from Office for National Statistics 2011 Census data, and the results of the 2017 General Election and 2016 EU Referendum.

Margin of Error

Because only a sample of the full population was interviewed, all results are subject to margin of error, meaning that not all differences are statistically significant. For example, in a question where 50% (the worst case scenario as far as margin of error is concerned) gave a particular answer, with a sample of 2,014 it is 95% certain that the 'true' value will fall within the range of 2.2% from the sample result. Subsamples from the cross-breaks will be subject to higher margin of error, conclusions drawn from cross breaks with very small sub-samples should be treated with caution.

Question presentation

All data tables shown in full below, in order and wording put to respondents, including but not limited to all tables relating to published data and all relevant tables preceding them. Tables for demographic questions might not be included but these should be clear from the cross-breaks on published tables. In all questions where the responses are a list of parties, names or statements, these will typically have been displayed to respondents in a randomising order. The only questions which would not have had randomising responses would be those in which there was a natural order to maintain – e.g. a scale from “strongly agree” to “strongly disagree”, a list of numbers from 0 to 10 or questions which had factual rather than opinion-related answers such as demographic information. “Other”, “Don’t know” and “Refused” responses are not randomised.

Not all questions will have necessarily been asked to all respondents – this is because they may be follow-on questions from previous questions or only appropriate to certain demographic groups. Lower response counts should make clear where this has occurred.

Data were analysed and weighted by Survation.

Immigration Poll
Prepared on behalf of British Future

6 Mar 2018

Table 6
Q3. By Normal Weighting
Q3. On a scale of 0-10 (with 0 being very well and 10 not very well at all) do you feel that people of different races and ethnic backgrounds get along well in the UK, nationally and in your local community?

Base: All Respondents

	Total	Moreno Scale					Education Level				HH Income p.a.			Ethnicity					Region

Immigration Poll
Prepared on behalf of British Future

6 Mar 2018

Table 187
Q94. By Normal Weighting
Q94. To what extent do you agree or disagree with each of the following statements?
"It's one thing to have concerns about immigration and quite another to take it out on people because of where they come from or the colour of their skin.
It's important to have an open debate about immigration policies, but there's no place for racism and prejudice in Britain."

Immigration Poll
Prepared on behalf of British Future

6 Mar 2018

Table 188
Q94. By Normal Weighting
Q94. To what extent do you agree or disagree with each of the following statements?
"It's one thing to have concerns about immigration and quite another to take it out on people because of where they come from or the colour of their skin.
It's important to have an open debate about immigration policies, but there's no place for racism and prejudice in Britain."

Table 191
Q96. By Normal Weighting
Q96. To what extent do you agree or disagree with each of the following statements?
"Things aren't as bad as in 1963 when Enoch Powell predicted 'Rivers of Blood'. But racism and prejudice are still rife in Britain and we must do more to stamp it out so we can all enjoy equal rights and chances in life."

Base: All Respondents

6 Mar 2018

Table 193
Q97. By Normal Weighting
Q97. To what extent do you agree or disagree with each of the following statements?
"Britain was at its best when we came together to defeat the fascism and racism of the Nazis in World War Two.
We should all be proud of that and make sure those evils never return."

6 Mar 2018

Table 194
Q97. By Normal Weighting
Q97. To what extent do you agree or disagree with each of the following statements?
"Britain was at its best when we came together to defeat the fascism and racism of the Nazis in World War Two.
We should all be proud of that and make sure those evils never return."

Base: All Respondents

Immigration Poll
Prepared on behalf of British Future

6 Mar 2018

Table 197
Q99. By Normal Weighting
Q99. To what extent do you agree or disagree with each of the following statements?
"To build a shared pride in Britain today, we should respect our diversity but focus more on what brings us all together.
Integration works when everyone speaks English and our schools are mixed, not segregated, so people do meet and get along."

Base: All Respondents

Immigration Poll
Prepared on behalf of British Future

6 Mar 2018

Table 261
Q131. By Normal Weighting
Q131. On a scale of 0-10, where 0 = never use and 10 = always use, including their websites, how often do you use each of the following as a source of news?
The Independent

Base: All Respondents

Table with 30 columns: Total, Sex (Male, Female), Age (18-24, 25-34, 35-44, 45-54, 55-64, 65+), 2017 GE Vote (CON, LAB, LD, SNP, Other), 2016 EU Referendum Vote (Leave, Remain), EU Ref & GE2017 (CON Leave, CON Remain, LAB Leave, LAB Remain), Immigration Impact (0-2 Rejectionists, 3-7 Anxious Middle, 8-10 Migration Liberals, 3 to 4), Diff. Races and Ethnic Background Get Along Well (0-2 Very Well, 3-7 Middle, 8-10 Not Very Well), Muslims & Non-Muslims Get Along Well (0-2 Very Well, 3-7 Middle, 8-10 Not Very Well). Rows include Unweighted Total, Weighted Total, 0 = never use, 1-10 = always use, SIGMA, and Mean.
